About Us.

Introduction

Akhand Deep Infra Pvt. Ltd., incorporated on November 29, 2022, is a dynamic and rapidly expanding infrastructure development firm headquartered in Uttar Pradesh. Founded and promoted by Mr. Akhand Pratap Singh—a seasoned civil engineering and construction professional—the company has swiftly progressed from executing small-scale assignments to managing major turnkey projects.

Today, Akhand Deep Infra specializes in road construction and ready-mix concrete (RMC) solutions, delivering high-quality, durable infrastructure that meets the evolving needs of both public and private sector clients. With a commitment to technical excellence, safety, and timely delivery, the company continues to cement its reputation as a trusted partner in India's infrastructure landscape.

Director

Mr. Akhand Pratap Singh

Mr. Akhand Pratap Singh, the visionary founder and Director of Akhand Deep Infra Pvt. Ltd., brings with him extensive experience in civil engineering and infrastructure development. With roots in Uttar Pradesh, he has been instrumental in shaping the company's growth journey—from modest beginnings to executing large-scale infrastructure and RMC projects across India.

Mr. Singh's leadership is defined by strategic thinking, technical expertise, and a deep commitment to quality and integrity. Under his guidance, the company has expanded its operational footprint, diversified into key infrastructure sectors, and built a strong reputation for timely and reliable project execution. His forward-thinking approach, combined with hands-on involvement, has helped establish Akhand Deep Infra as a trusted name in the industry.

Mission & Vision.

MISSION

- Deliver reliable and efficient construction services rooted in quality, honesty, and punctuality.
- Maintain a strong foundation of trust, integrity, and mutual respect.
- Provide innovative and sustainable solutions to ensure total client satisfaction.
- Take pride in the work we do, contributing to India's infrastructure growth.
- Strive to become one of the leading infrastructure organizations in the country.

VISION

- Lead the industry through innovation, sustainability, and excellence in execution.
- Expand our national footprint while maintaining the highest standards of quality, safety, and environmental responsibility.
- Empower communities by contributing to infrastructure that improves lives and drives economic growth.
- Foster a culture of integrity, professionalism, and teamwork, ensuring long-term relationships with clients, partners, and stakeholders.
- Continuously invest in technology, talent, and training to meet the evolving demands of the construction sector.

Our Philosophy.

At Akhand Deep Infra Pvt. Ltd., our philosophy is centered on integrity, quality, and long-term value creation. We believe that successful infrastructure is built not only with concrete and steel, but with trust, responsibility, and vision. Every project we undertake—regardless of size or complexity—is approached with a deep commitment to excellence, transparency, and client satisfaction. We prioritize ethical practices, transparent communication, and strong project management to ensure timely and high-quality delivery. Our operations emphasize sustainability, safety, and innovation, reflecting our responsibility toward the environment and society.

We value our people, empower our teams, and invest in their continuous growth, recognizing that our collective strength drives our success. This philosophy shapes every aspect of our business, enabling us to build not just structures, but lasting relationships and a reputation for reliability in the infrastructure sector.
